They are designed and developed with a combination of premium foam blended with quality duck feathers, combined with an expertly tailored Collins & Hayes sofa a primalux seat interior will offer sublime comfort. Primalux interiors are covered for 4 years.

LIFETIME PROMISE

Every handcrafted Collins & Hayes piece is distinguished by effortlessly elegant, smart yet casual styling; irresistibly soft, deep cushioning; hand-stitched details and solid oak feet. We're so confident in the quality and comfort of each Collins & Hayes piece that we offer a lifetime promise on every frame.

FABRIC COMBINATIONS

All of the sofas within the Collins & Hayes collection are available in a combination finish. Please clearly state your choice when ordering.
Fabric 1: Sofa Body, seat and back cushions
Fabric 2: Sofa piping
Fabric 3: Scatter cushions (both sides)
Fabric 4: Piping on scatter cushions
Please note if you wish to select piping in the same fabric as your sofa, this must be detailed.

FABRICS

All of the fabrics within the Collins & Hayes fabric collection are available to purchase as cut lengths when purchasing furniture, and can be supplied to the nearest half metre. Leather is not available as a cut length. Some fabrics within the collection may only be available to order on scatter cushions, chairs and other accent pieces. Please refer to the fabric sample books in store for further information.

RAILROADED FABRICS

Please note that railroaded fabrics are not suitable for curtains; please refer to the swatch books in store for more information. Even though some of our slip covers are suitable for machine washing, we would also recommend professional dry cleaning.

LEATHER

Within our collection we currently offer both full and semi-aniline leather. It is important to understand the characteristics of leather when choosing to purchase a sofa. Aniline leather is the most natural looking leather with many of the characteristics of the animal hide remaining visible. In order to help Aniline leathers retain their beautiful appearance they are coloured only with dye. The lack of surface coating can make aniline leathers less resistant to soiling.

Leather furniture is stylish and timeless; It is key to note that leather will move over time and may display traces of the past such as healed scars, insect bites, growth marks and veins. These are all hallmarks of hide and in no way detract from the wearing qualities of leather. For more information and care instructions visit our website at www.collinsandhayes.co.uk
