THE MOST COMFORTABLE BEDS IN THE WORLD

AIS Origins Collection

SUPPORT MANUAL

STORE USE ONLY – NOT FOR CUSTOMER DISTRIBUTION

We've been on a journey for the last 10 years. Our pioneering vision to be truly sustainable in everything we do has been central to our development. As a result, we are proud that all Hypnos mattresses are already free from foam, 100% recyclable and made from sustainable materials to help reduce waste and carbon emissions.

We value the people, animals and places behind our new sustainable and ethical bed range. With a plush tailored look, the Origins Collection has been designed to offer sublime comfort with safe, sustainable and traceable fillings to encourage a natural sleep experience.

Wake up feeling good for all the right reasons. The Hypnos Origins Collection has been designed for comfort using the most responsibly sourced materials possible, including responsibly sourced cotton and 100% British wool that's traceable right back to Red Tractor assured farms.

RESPONSIVE LUXURY LATEX

NATURAL AND CHEMICAL-FREE

Natural Talalay latex is renowned for its responsive properties, immediately recovering its shape and form and providing excellent cushioned comfort.

Latex is tapped from rubber trees, grown in managed plantations. Hypnos only uses natural Talalay latex, it is grey in colour because it's mixed with graphite to ensure it's naturally fire resistant to comply with UK regulations, this means it's safe and free from chemicals. In fact the material has been approved by the

Eco-Institut and Oekotex for its purity and safety, lack of toxins and offgassing, and awarded Cradle to Cradle Gold for its low impact on the environment.

A desirable and luxurious filling, its moulded structure and design ensures a consistent feel and allows airflow through the mattress.

RESPONSIBLY SOURCED COTTON WITH A DIFFERENCE

Cotton is a naturally soft and fluffy fibre with great absorbency, naturally moving moisture and heat away from the body to keep a sleeper cool.

Only 22% of the world's cotton is certified as sustainable. However, both the unbleached, natural cotton sleep surface, and the cotton comfort layer we use are responsibly sourced.

The cotton layers are traceable through a unique partnership with CottonConnect, an enterprise promoting better education and sustainable farming with 1600 farmers in Pakistan.

As members of the Better Cotton Initiative, our signature Origins unbleached cotton sleep surface is responsibly sourced via their mass balance programme. By responsibly sourcing its cotton, Hypnos are supporting continuing improvements for the environment cotton grows in and the farming communities who produce it.

Safe and fire resistant the fabric is free from standard FR chemicals.

THE STORY OF OUR WOOL

RED TRACTOR

Our exclusive relationship with Red Tractor is an industry first and assures the next step of our evolution, with 100% British wool that's traceable to an assured farm.

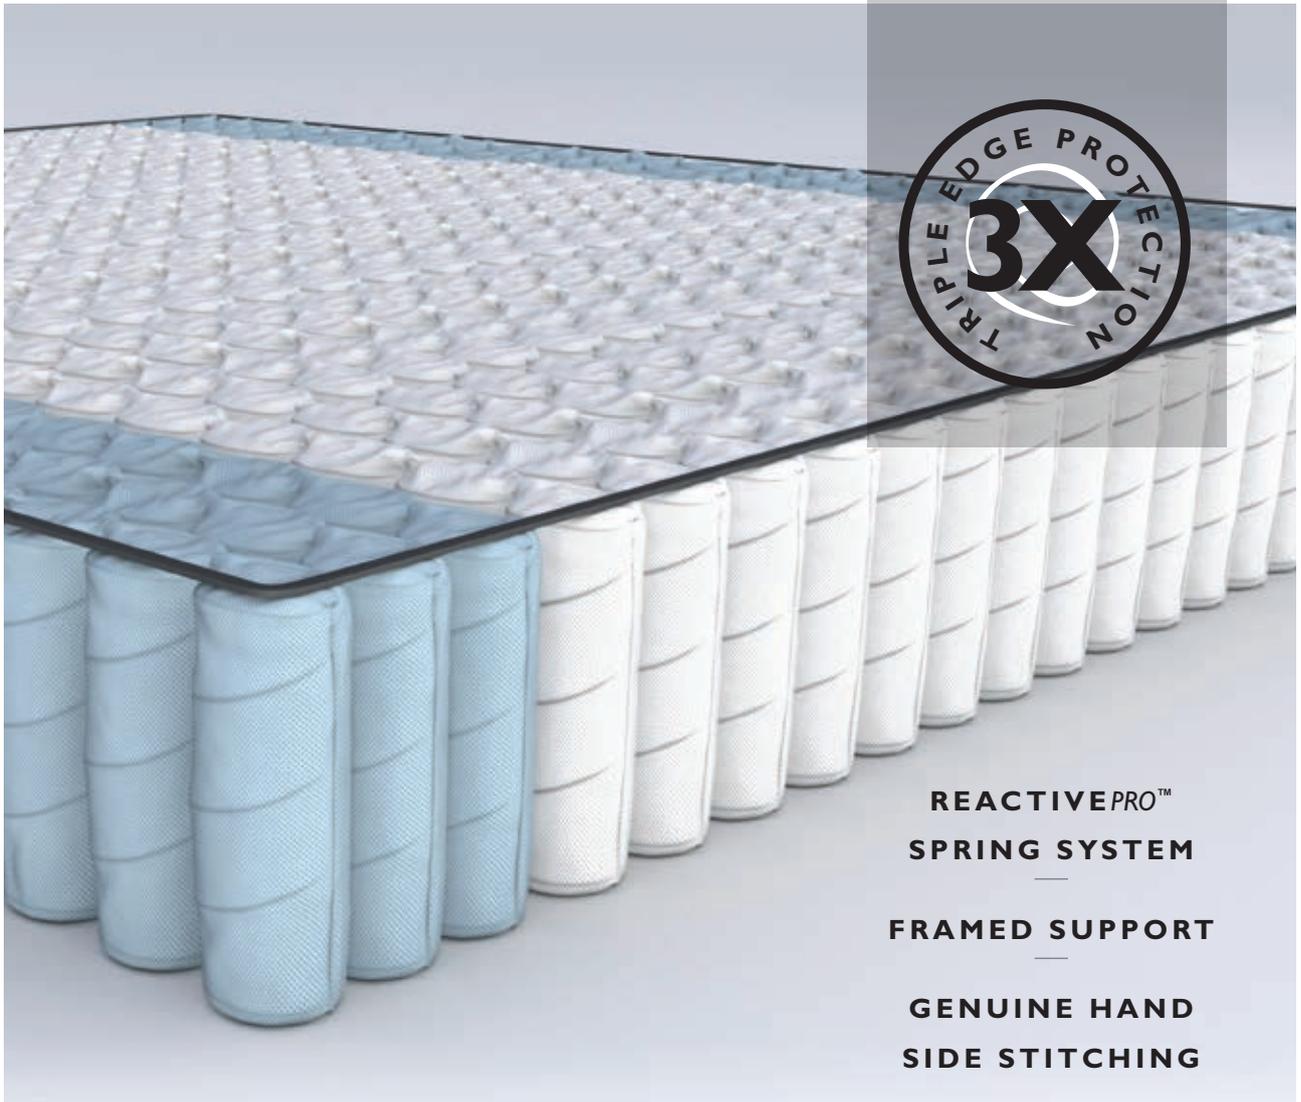

Sourcing wool sounds simple, but when you want to put as much wool in a mattress as we do, we want to be sure it's been grown responsibly, that the animals have been looked after and the land has been well managed – but importantly, that we support our British farming communities for the future with fair prices and prompt payment.

Every part of the supply chain from a Red Tractor assured farm onwards is robustly audited, from the collection, washing,

and combing of the wool, to going into a carefully handcrafted Hypnos mattress.

Red Tractor can now provide Hypnos, and our customers, a recognisable industry standard that's understood and valued, and by which farmers can be benchmarked and paid a premium for.

Wool is an ideal ingredient for mattresses for sleep due to its anti-bacterial, moisture and temperature managing properties.

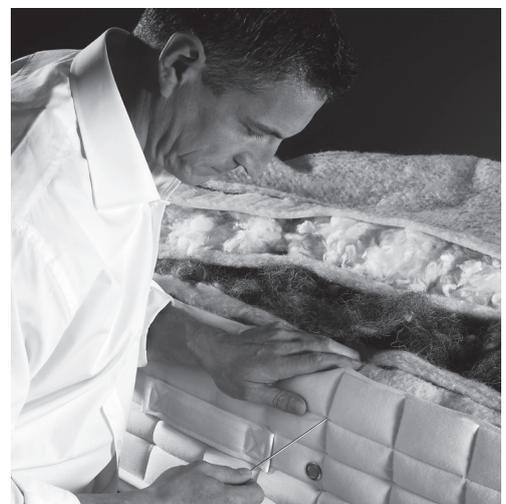

UNIQUE EDGE-TO-EDGE SUPPORT

TRIPLE EDGE PROTECTION™

Ensuring the best performance and the ultimate in hand-tailoring, Hypnos has combined the ReActive™ pocket spring system with a flexible steel frame and genuine hand side-stitching to give superior edge-to-edge support and a beautiful hand-tailored look that we call Triple Edge Protection™.

Three rows of higher tension springs on both sides of the mattress support the normally vulnerable bed edge, whilst a substantial steel frame and several rows of genuine hand side stitching ensure the best border aesthetics and support.

Chiltern Deluxe

ORIGINS NO-TURN COLLECTION

- The Chiltern Deluxe provides supportive comfort for the body, with a deep layer of natural and responsive Talalay latex, which is plant-based and provides breathable comfort.
- Generous layers of soft cotton help keep sleepers cool at night. By responsibly sourcing its cotton*, Hypnos are supporting continuing improvements for the environment cotton grows in and the farming communities who produce it.

Chiltern Deluxe

ORIGINS NO-TURN COLLECTION

PREMIUM FEATURES AND BENEFITS

- **Natural Talalay latex layer**
A truly resilient and responsive natural layer. Breathable and infused with graphite minerals, provides a sustainable and chemical free luxury layer.
- **Solotex™ luxury cushioning layer**
A supremely soft, innovative, fibre providing a plush surface.
- **1200 ReActivePro™ 6-turn pocket springs in the 150cm size**
A highly resilient quality pocket spring unit, featuring higher tension springs on both sides for superior edge-to-edge support.
- **Two row, genuine hand side-stitched border**
A strong and supportive, well-tailored border.
- **Cotton layer**
Responsibly sourced cotton layer provides natural softness.
- **Recycled fibre support pad**
A resilient layer of polyester, made from recycled water bottles, provides a supportive foundation for pocket springs and top-layer fillings.
- **Cotton chemical-free cover**
A breathable sleep surface woven from responsibly sourced, unbleached cotton and viscose. Safe and fire resistant without the use of FR chemicals.
- **No turn mattress**
For easy maintenance. Rotate every two weeks for the first three months, and monthly thereafter.

STANDARD FEATURES AND BENEFITS

- **Chrome vents**
To aid breathability for mattress fillings.
- **Horizontal padded handles**
For ease of mattress positioning on the divan.
- **Traditionally hand tufted with wool tufts**
Tufts secure mattress fillings in their correct position and stop fillings moving or going lumpy.

**We recommend pairing this mattress with a firm edge, sprung divan base for optimum comfort*

**Not suitable for bedsteads where the gap between slats is greater than 7.5cm*

Dunsmore Supreme

ORIGINS NO-TURN COLLECTION
