HERITAGE & CRAFTSMANSHIP

Dreamworks Beds manufactures only the highest quality beds, mattresses, sofa beds and upholstery, all precisely designed and meticulously built in their Wiltshire factory. They offer outstanding value for money products, which are crafted to please.

By combining modern production techniques with passionate and experienced craftsmanship, the 100 strong workforce are proud to deliver a level of service, quality and value that is unsurpassed.

HANDMADE IN BRITAIN

British built and made to last, with the care and attention you would expect from a skilled team of craftsmen. Dreamworks Beds have the knowledge and expertise to design the most stylish and comfortable sofa beds available, allowing your guests a relaxed and peaceful night's sleep.

OUTSTANDING RANGE & CHOICE

Dreamworks Beds are renowned for their high quality, comfortable mattresses and their sofa beds are no exception.

Designed and built by traditional furniture makers, the range will appeal to all tastes and include novel solutions for kids, family and friends sleepovers.

All the sofa beds, except Metz and Pandora, have 12cm thick scrumptious mattresses with the choice of either spring interior, visco or luxury pocket spring options. The timber frame construction, with its heavy duty, easy open and close action, means these furniture pieces are extremely sturdy, lasting many years.

Matching sofas and chairs are available on all our ranges, except Bianca, Metz and Pandora, all in a choice of 100 quality fabrics.

Just ask, and normally the answer is yes

HIGHEST QUALITY

Only the finest raw materials are selected for manufacturing, as quality is the key factor to the team. No corners are cut when procuring, as only the best will do. They aim to produce the most comfortable mattresses and sofas, which takes skill and determination to blend the right materials for success.

INNOVATION THROUGH DESIGN

The team at Dreamworks Beds prides itself on innovative ideas that make a difference. Take a closer look at the Bianca for amazing ease of opening, Metz for the simplicity of creating an instant bed or the Pandora for those sleepover moments you'll get the idea!
