

Hidden Bed Safe

Hypnos has partnered with Yale, one of the world's best known, and preferred, leading locks brand to discretely add a safe into a bed to store your valuables.

The safe is hidden and secured behind a beautifully upholstered drawer front built into the divan. Simply push the drawer to reveal the safe.

Hidden Bed Safe

For ultimate peace of mind the Yale safe comes accredited with £10,000 valuables protection and a £1,000 cash rating. You can open the safe using a code you choose yourself, so it's easier to remember and it's just as easy to re-set. When you enter your code, the motorised bolts withdraw and the door opens automatically.

To override the electronic lock, the safe can always be opened through the high-security six lever lock with a double-bitted high security Yale key. The key hole is concealed behind a Yale logo badge.
