FOOTSTOOL BED

Hiding within a modern footstool this space saving guest bed will compliment any interior space. Its unique Roll-out mechanism allows it to be transformed into a comfortable bed in seconds. Resting on the sprung bed base the mattress combines two layers of Airflow fibre for exceptional support and comfort. A soft top layer provides pressure relief and a higher density lower layer offers extra support.

Embracing absolute attention to detail, the sofa is upholstered in high quality fabric which has been specially made for JAY-BE in Huddersfield, West Yorkshire, England. Huddersfield is respected worldwide for producing some of the finest fabrics available today. Made using specialist production techniques, the fabric offers a luxurious feel as well as long term durability.

JAY-BE LIVING FABRIC COLLECTION

The finest British made woven fabrics

To perfectly complement the high quality of our upholstery, we only wanted to use the best fabrics available. After years of experience and having searched all over the world, we ultimately found that the best quality was right here on our door step, in Huddersfield, West Yorkshire. Huddersfield is respected worldwide for producing some of the finest

fabrics available and boasts an amazing history of textile innovation. As a passionate UK manufacturer we are delighted to work with our local suppliers to offer you our Living fabric collection. All of our woven fabrics are made using specialist production techniques to offer a luxurious feel as well as long term durability.
